

# For A Lifetime

Becky Buller, Goodnight Sparky Music, BMI

Roses bloom and roses fade  
Like the promises you made  
On that day in the distant past  
What a shame that they couldn't last

Chorus 1: For a lifetime  
It wasn't the right time  
Had to give your heart time  
For leaving

Seasons come and seasons go  
You reach spring's rain through winter's snow  
But for me, December remains  
And I must live through a blanket of pain

Chorus 2: For a lifetime  
It wasn't the right time  
Now my heart has time  
For grieving

Maybe someday, sweetheart you'll find  
That you were wrong to ever leave me behind  
You'll take my hand and I'll take your name  
Together we'll kindle a lovers' flame

Chorus 3: For a lifetime  
It will be the right time  
When our hearts have time  
For believing
