Chorus: Make us to shine like the stars in your beautiful heaven, Lord
 Blameless and pure, reconciled and forgiven, Lord
 May we be worthy in your sight
 To illuminate the night
 Make us to shine like the stars in your beautiful heaven, Lord

We all have far to go
Something in us is searching
Teach us to heal
So many around us are hurting
Humbly we ask you
Show us the path to
Love...and...

Chorus: Make us to shine like the stars in your beautiful heaven, Lord
 Blameless and pure, reconciled and forgiven, Lord
 May we be worthy in your sight
 To illuminate the night
 Make us to shine like the stars in your beautiful heaven, Lord

We all have different ways
Of seeing ourselves in your likeness
Open the veil
Show us your face through the darkness
May all we are part of
Dance to the heart of
Love...and...

Chorus: Make us to shine like the stars in your beautiful heaven, Lord
 Blameless and pure, reconciled and forgiven, Lord
 May we be worthy in your sight
 To illuminate the night
 Make us to shine like the stars in your beautiful heaven, Lord
