When I told you how I felt
And you didn't feel the same
I thought someday maybe you would come around
I couldn't help myself
Kept searchin' for a way
To change your mind and make you come around
Girl/Boy, you fin'lly did
Just not the way I meant

Chorus: You're comin' around and around
Rollin' through my mind
Like a tumbleweed on fire
Burnin' a path a half-mile wide
Through the dry West Texas plains
Of my broken heart and soul
And the Gulf of Mexico
Can't drown you out
When you come around

Someone said you made a deal
With that chilly eastward wind
And it wasn't likely you'd come back around
Truth is my fate is sealed
It's never gonna end
Time and again you'll always come around
'Cause they don't realize
Every time I close my eyes

Chorus: You're comin' around and around
Rollin' through my mind
Like a tumbleweed on fire
Burnin' a path a half-mile wide
Through the dry West Texas plains
Of my broken heart and soul
And the Gulf of Mexico
Can't drown you out
When you come around

Bridge: There is nothin' I can do or say
To make you stay
Away

Chorus: You keep comin' around and around
Rollin' through my mind
Like a tumbleweed on fire
Burnin' a path a half-mile wide
Through the dry West Texas plains
Of my broken heart and soul
And the Gulf of Mexico
Can't drown you out
When you come around
