Merry macaroni art  
Little hands and great big hearts  
Making macaroni art  
For Christmas

Cardboard canes and stars and bells  
With penne, bowties, wheels, and shells  
All this mess we made ourselves  
For Christmas

Bridge:        Although it looks so good to eat  
                  Just know it's for your evergreen  
                  So stick it with glue, repeat, repeat  
                  Hang it up on the Christmas tree  
                  Who knew you could do so many things with noodles  
                  There must be oodles

Won't the grownups be surprised  
When the ornaments are dried  
Yuletide yarn and ribbon tied  
For Christmas

Bridge:        Although it looks so good to eat  
                  Just know it's for your evergreen  
                  So stick it with glue, repeat, repeat  
                  Hang it up on the Christmas tree  
                  Who knew you could do so many things with noodles  
                  There must be oodles

Glitter scattered everywhere  
You've got green and silver hair  
But Rembrandt's children are prepared  
For Christmas
